Saturday morning.
Lucia gone out with
Seth Robbins to settle
carpet for Mary. I came
to dine at C. place with
Mary Ann & Elizth Chan-
dler. Mrs Fo. sent
for me to come again to
W.R.—going on Wednes-
day afternoon to return
next Mng if nothing
happens. Letter from
M. Chapman for you huge
but too heavy for carriers.
I have got Fourier's
"four movements!" I never
did! no—not in all
my born days see
such a mess. 2nd Ad-
ventism is sane to
it. Rogers' Herald
calls me "cold & remorse-
less." I take it as a high
compliment. J. F. Clarke
gave a good pail of
milk at the Temple on
fast day & kicked it over.
All the Abs. were there.
The Sparrow let us know
of the robbery. I have
(with advice & consent of
gent agent) written
to Parker, to let
A.S. Soc have the Melo
on afternoons for A.S.
Lectures, he to deliver
one, & Emerson, Garrison
Watson, Phillips &c the
rest. I am waiting for
an answer. W. P. Atkinson
has written a critique
on Garrison's Letters in
Examiner. good—very.
I have got a good deal
of sewing done. Ask
Ma W. if I can have
25 yds of coarse
unbleached cotton
with copperas colour
at Weym. & let me know
if so. Chances are that
the Parkers will leave
at the end of summer,
certainly. Lucia will
probably come Monday.
Just got letters from
N.B. all well

Mmlle Occident.
